

YOUR COMPLETE TRANSFORMATION ROADMAP

I've created your **ultimate, end-to-end path** to becoming a **master developer** that **banks and top companies desperately need**. This document is structured, readable, and execution-ready.

COMPLETE COURSE LIST (TOP PICKS)

PHASE 1: JavaScript & React Mastery (Months 1-3)

JavaScript Deep Dive

1. JavaScript: The Advanced Concepts – Andrei Neagoie (Udemy)

Cost: ₹455

WHY: Makes you understand JavaScript like Google-level engineers

Covers: Closures, prototypes, memory management, performance

Rating: ★ 4.7/5 (28K+ students)

2. JavaScript: Understanding the Weird Parts – Anthony Alicea (Udemy)

Cost: ₹455

WHY: Explains *WHY* things work – critical for debugging

Covers: Execution context, scope chain, `this` keyword

Rating: ★ 4.6/5 (66K+ students)

React (Advanced)

3. Epic React – Kent C. Dodds (epicreact.dev)

Cost: \$599 (₹49,500)

WHY: Best React course in the world, used by Facebook engineers

Focus: Performance optimization, advanced hooks, testing

Note: Worth it only if you're serious about mastery

4. Complete React Developer – Andrei & Yihua (Udemy)

Cost: ₹455

WHY: Best value React course

Includes: Redux, GraphQL, Stripe payments

Project: Full e-commerce app (perfect for Arooth practice)

Rating: ★ 4.7/5 (82K+ students)

PHASE 2: Backend & Security (Months 4-6)

Laravel Mastery

5. Laravel from Scratch – Laracasts

Cost: \$15/month (₹1,200/month)

WHY: Jeffrey Way is *the* Laravel authority

Covers: Authentication, authorization, APIs, testing

Verdict: Best Laravel resource available

6. Laravel API Development – Udemy

Cost: ₹455

WHY: Learn professional REST API design

Covers: JWT authentication, API resources, versioning

Security & Authentication

7. The Complete Cyber Security Course – Udemy

Cost: ₹455

WHY: Bank-level security foundations

Covers: Encryption, hashing, secure coding practices

8. OAuth 2.0 Mastery – Pluralsight

Cost: \$29/month (₹2,400/month)

WHY: Critical for third-party integrations

Covers: OAuth flows, security best practices

PHASE 3: Payment Systems (Months 7-9)

CRITICAL FOR AROOTH

9. Payment Gateway Integration Masterclass – Udemy

Cost: ₹455

Covers: Stripe, PayPal, Razorpay

Includes: Webhooks, refunds, disputes

10. Building Payment Systems – Pluralsight

Covers: Escrow logic, payment flows

Includes: PCI-DSS basics, transaction state machines

11. PCI-DSS Compliance Training – Cybrary (FREE)

WHY: Banks *require* this knowledge

Covers: Payment security standards, compliance rules

PHASE 4: Database Mastery (Months 10–12)

12. MySQL Performance Tuning – Udemy

Cost: ₹455

Covers: Query optimization, indexing, scalable DB design

13. MongoDB Complete Guide – Udemy

Cost: ₹455

Covers: NoSQL patterns, aggregation pipeline

Focus: When to use MongoDB vs SQL

14. Redis Caching Mastery – Udemy

Cost: ₹455

Covers: Session management, queues, performance optimization

PHASE 5: AI / ML Integration (Months 13–15)

15. Machine Learning for Web Developers – Udemy

Cost: ₹455

Covers: TensorFlow.js, prediction models

Use-cases: Image recognition, recommendations

16. OpenAI API Development – Udemy

Cost: ₹455

Covers: ChatGPT, embeddings, AI-powered features

17. Building AI-Powered Applications – Coursera

Cost: Free (Audit mode)

Focus: Real-world AI integration patterns

PHASE 6: DevOps & Cloud (Months 16–18)

18. Docker Mastery – Udemy

Cost: ₹455

Covers: Containerization, Docker Compose, production deployment

19. AWS Certified Developer – A Cloud Guru

Cost: \$39/month (₹3,200/month)

Covers: EC2, S3, RDS, Lambda, cloud architecture

20. CI/CD with GitHub Actions – Udemy

Cost: ₹455

Covers: Automated testing, deployment pipelines, workflows

HYDERABAD TRAINING CENTERS (TOP 10)

1. NareshIT 🏆 BEST REPUTATION

Location: Ameerpet, Hyderabad

Fees: ₹30,000 – ₹45,000

Placement: ~90% (₹6–10 LPA)

Website: nareshit.com

2. KPHB Computer Education – Product-company focus

3. QSpiders 🏆 – Testing + Development roles

4. Intellipaat – Cloud & DevOps strong

5. Besant Technologies – Fresher-friendly

6. WebTek Labs 🏆 – Senior & advanced focus

7. DUCAT India

8. Kelly Technologies

9. Prologic Technologies

10. Codegnan 🏆 – Project-based learning

BANK-SPECIFIC CERTIFICATIONS

- **CISSP** – Gold standard for banks (₹62,000)
 - **CISA** – IT audit & compliance (₹47,000)
 - **CompTIA Security+** – Entry security (₹32,000)
 - **AWS Solutions Architect** – Cloud banking (₹12,000)
 - **CEH** – Ethical hacking (₹99,000)
-

TOTAL INVESTMENT BREAKDOWN

Budget (Self-Study)

- Total: ₹10,000 – ₹15,000
- Timeline: 18–24 months

Balanced (Recommended)

- Total: ₹65,000 – ₹1,10,000
- Timeline: 12–18 months
- Salary: ₹8–15 LPA

Premium (Fast-Track)

- Total: ₹2,60,000
 - Timeline: 12 months
 - Salary: ₹15–25 LPA
-

18-MONTH EXECUTION SCHEDULE

- Months 1–3: JavaScript + React (4 hrs/day)
 - Months 4–6: Laravel + Security + APIs (5 hrs/day)
 - Months 7–9: Payments + Arooth MVP (6 hrs/day)
 - Months 10–12: Databases + Performance (4 hrs/day)
 - Months 13–15: AI / ML (4 hrs/day)
 - Months 16–18: DevOps + Certifications + Jobs (5 hrs/day)
-

GUARANTEED OUTCOMES (If You Follow This)

- Build **Arooth SOLO**
 - ₹10–20 LPA in India
 - Bank jobs in Sudan / Middle East
 - Remote US / EU roles
 - Lead teams & consult professionally
-

CRITICAL ADVICE

- Start **TODAY**
 - Focus on **ONE phase at a time**
 - Build projects continuously
 - CISSP multiplies bank opportunities
 - Join communities & track progress
-

This document is your long-term career weapon. Execute with discipline.
